

Supplementary Services

Exploit more your phone by enabling Supplementary Services

✓ **Caller ID 15.00 CUP/month**

The Caller ID not only announces on the screen the calling phone number, but also provides a list of numbers that called in your absence; and if you have the Call Waiting service, it will identify the calling number waiting to be answered

✓ **Call Transfers 3.00 CUP/month**

With the Call Transfers; automatic, no answer or busy, you will not miss any call made to the phone. By activating one of these services you will be able to answer them from another landline or from your cell phone.

✓ **Call Waiting 1.50 CUP/month**

Call waiting allows you to answer incoming call while you are having a phone conversation. A tone will alert you that there is a call waiting to be answered, having the possibility of answering it, and if you wish, to alternate with the two callers by dialing Flash or R and 2.

✓ **Three-way Conference 4.50 CUP/month**

With the Three-way conference you will be able to hold a telephone conversation with two people simultaneously. Once you have established communication with one caller, you can dial another telephone number to allow a new caller to join the conversation.

✓ **Redial on Busy 0.15 CUP/use /3.00 CUP/month**

Redial on Busy only works for calls between users of the same telephone exchange. If when making a call the number is busy, you will not need to carry on the call, just by dialing the service code the communication will be established immediately when the number is free.

✓ **Immediate and Temporary direct line 4.50 CUP/month**

The Direct Line establishes immediate communication with another previously programmed telephone number, you do not need to dial, just pick up the handset. The temporary direct line offers 5 seconds of time to dial a number before the direct communication. It is a service enabling elderly and people with disabilities to establish a phone call.

✓ **Electronic Lock 3.00 CUP/month**

The Electronic lock guarantees that long distance calls (national and international) will not be made from your phone without your consent.

✓ **Short Number 12.50 CUP**

The Short Number allows quick dialing frequently used phone numbers, you only have to set up in your phone a list of short numbers that can be one or two digits. It is a convenient service enabling calls for children, elderly and people with disabilities.

✓ **For you to be forever on time, enable**
